

CERTIFICATE

Recyclability of Packaging Material

Constantia Flexibles Group GmbH
Rivergate, Handelskai 92
AT-1200 Wien, Austria

The company receives the certification of recyclability for the following packaging material.

Designation

EcoVerHighPlus (Barrier film without printing for flexible packaging applications like coffee bags)

Test result

Allocation to path/specification: Mixed Polyolefins, Fraction No. 323 (DE)
Mixed Plastics, Fraction No. 350, 352 (DE)

Assessment via path/specification: Mixed Polyolefins, Fraction No. 323 (DE)

Recyclate (final product): PO Recyclate

Test standard / scope of application:

- Requirements and assessment catalogue of the Institute cyclos-HTP for EU-wide certification (state 07.10.2019) / Scope of validity according to nation states, see chapter 1
- Within the certification process, conformity with the following standards was also checked:
 - Minimum standard for measuring the recycling capacity of the CAPG (state 31.08.2020); also integrated
 - DIN EN 13430 with regard to material recyclability in the post-use phase; also integrated
 - Under consideration of COTREP – Recyclability of Plastic Packaging (state: December 2016); on request
 - Under consideration of APR Design® Guide for Plastics Recyclability (state: 2018); on request

In accordance with the test results the potential recyclate yield of the packaging amounts to 100%.
According to the CHI standard the recyclability of the packaging amounts to:

95 % (AT, DE)

This certificate (No. 2072-2020-001906) is valid until the 31.12.2021 (1 year upon issue) relating to the countries identified in the assessment report. This certificate will lose validity in case of qualitative or quantitative changes of packaging components.

Aachen, dated 03.12.2020

Dr. Joachim Christiani
Publicly appointed and sworn expert for the IHK for packaging waste disposal

Competent authority: IHK Aachen

The certificate (No. 2072-2020-001906) is only valid in conjunction with the 9 following pages of the report.
